

Bringing us together to ensure every child in Central Queensland has every chance to reach their full potential.

INVITATION "CONNECTING THE DOTS"

When: 29 January 2020

Where: 16 Bolsover St, Rockhampton
(Centacare Building)

Are you as an individual and/or your organisation interested in:

- Making CQ a place of choice for families, children, youth and young adults.
- Using global best practice to develop local collaborative approaches for impact.
- Improving and widening community engagement approaches to better harness local experience, innovation and commitment.
- Building and establishing community wide platforms for learning communities.
- Collaborating to improve health and well being.

We invite you to join us from **10am to 12pm** for a facilitated session involving community members, representatives from community groups, all major service providers and government.

We will inform community about the next steps for Every Child CQ as a backbone organisation and seek commitment from our community to come together and collaborate to improve the health and wellbeing of our whole community.

This session will be hosted by Every Child CQ with the support of QCOSS, local community leaders and service provider organisations. More background information can be found at the links below.

Following this session, a light lunch will be provided followed by a workshop focused on [collective impact](#) and the establishment of our [CQ Community Tables \(page 12\)](#). The workshop will commence at **12.45pm and finish by 3.30pm** and will be facilitated in partnership with [Collaboration for Impact](#) and [PwC's Indigenous Consulting](#).

It will be most useful to build understanding, trust and community ownership of collaborative innovation across CQ, for sustainable positive change for current and future generations.

We are all travelling this journey, but it is only by making the trek together, learning together, that we will discover and prepare positive, interesting, productive and sustainable opportunities for our young people.

We ask you to stay on or arrange for others from your organisation to attend.

For catering purposes please **RSVP** to coordinator@everychildcq.org by COB Friday the 24th of January 2020.

Maxine Brushe

President
